1.0 INTRODUCTION

With rapid industrialization, the Indian Chemical Industry is an important sector of economy and supplies a wide range of products which find their way into a massive spectrum of human activity. Hence, chemicals occupy an important position in our economy and are the source of several benefits to the society. Many of these chemicals are toxic, corrosive, highly reactive, poisonous, carcinogenic, explosive or flammable or have a combination of these characteristics. Due to these properties, they have the potential to cause harm to human beings, other living creatures, plant, property and the environment in general. Thus, extreme care is necessary while handling such chemicals at all stages of manufacturing, processing, treatment, package, storage, transportation, use, collection, destruction, conversion or sale.

There are at present several agencies of the Government, both Central and State, such as the Inspectorates of Factories, Controller of Explosives, Pollution Control Boards, Port Authorities, Transport Authorities, Local Health Authorities and statutory rules & regulations for safe handling of hazardous chemicals. In spite of strict implementation of the rules & regulations, accidents do occur. Such accidents, lead to damage of life, property and environment. It is essential that the Central and State Governments and also the local authorities are fully prepared to meet such eventualities.

Unlike the emergencies caused through natural disasters such as floods, earthquakes etc., which cannot be prevented, the occurrences of emergencies caused through chemical accidents can be minimized by proper planning and preparedness. The emergency planning is thus just one aspect of the total planning for safety. This

planning has to be done by those who are responsible for handling hazardous chemicals, the local authority's In-charge of emergencies, the State Government and the Central Government. In view of the above, the Central Government has notified a set of rules entitled "Chemical Accident (Emergency Planning, Preparedness and Response) Rules, 1996" for management of chemical accidents in the country.

The Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996 compliments the set of rules on accident prevention and preparedness notified under the Environment (Protection) Act, 1986 in 1989 entitled Manufacture, Storage and Import of Hazardous Chemicals Rules and envisages a 4-tier crisis management setup at the Local, District, State and Centre. The rules were gazetted on 2nd August, 1996 by the Ministry of Environment, Forest and Climate Change under the Environment (Protection) Act, 1986.

The rules provide a statutory back-up for setting up of Crisis Group in districts and states which have Major Accident Hazard (MAH) Installations. The rules define the major accident hazard installations to include industrial activity, transport and isolated storages at a site handling hazardous chemical in quantities specified. As per the rules, the Government of India is to constitute a Central Crisis Group (CCG) for the management of chemical accidents and set up a Crisis Alert System (CAS) within 30 days of the notification.

Under this system, the Centre would set up a functional control room at appropriate places and an Information Networking System with the State and District control rooms will also be set up. Adequate staff and experts will be appointed to manage the control room. The CAS will also be responsible for publishing a list of major accident hazard

installations, and a list of major chemical accident in chronological order. It would take measures to create awareness amongst the public with a view to prevent chemical accidents.

The Chief Secretaries of all the States are to constitute State Crisis Groups (SCG) to plan and respond to chemical accidents in the State and notify the same in gazette within 45 days. The District Collector shall not only constitute a District Crisis Group (DCG) but also constitute Local Crisis Groups (LCG's) for every industrial pocket in the district within 60 days.

The CCG shall be the apex body in the country to deal with and provide expert guidance for planning and handling of major chemical accidents in the country. The CCG shall continuously monitor the post-accident situation and suggest measures for prevention of reoccurrence of such accidents. It shall meet every six months and respond to enquiries from the SCG and DCG. The Ministry of Environment, Forest and Climate Change will publish a State-wise list of experts and concerned officials.

The SCG will be chaired by the State Chief Secretary and shall be the apex body in the State consisting of Government officials, technical experts and industry representatives and will deliberate on planning, preparedness and mitigation of chemical accidents with a view to reducing the extent of loss of life, property and ill health. The SCG will review all the District Off-site Emergency Plans for its adequacy.

The District Collector shall be the Chairman of the DCG and the Group will serve as the apex body at the district level and shall meet every 45 days. This group shall review all on-site Emergency Plans prepared by the occupiers of the Major Accident.

Hazard installations for preparation of a District Off-Site Emergency Plan, which shall also include hazards due to the transportation of hazardous chemicals both by road and by pipeline. The district Chairperson shall conduct at least one full scale mock-drill of the District Off-site Emergency Plan at a site each year. Powers under section 10 of the Environment Protection Act for entry and inspection have been made available to the Central, State and District Crisis Groups/members.

The Rules envisage that the Crisis Groups will provide information to the public regarding chemical accident prevention, preparedness and mitigation. The rules will enable preparation of an Off-site Emergency Plan, updation and conduct of mock drill. It will further enhance the implementation of the Public Liability Insurance Act 1991 for providing of speedy relief to the victims.

For the effective coordination and management of chemical disasters, the Red book is very important as it facilitates quick information exchange during chemical emergencies.

2.0 INFRASTRUCTURE IN PLACE FOR CRISIS MANAGEMENT

The following channels of communication are available for fast flow of information and co-ordination of activities during actual emergency in the Ministry of Environment, Forest and Climate Change. The channels mentioned below are a part of the Crisis Alert System (CAS).

The Control Room is located at Room Number A-442, Fourth Floor, Agni Block, Indira Paryavaran Bhawan, Jor Bagh Road, New Delhi: 110003 (Phone No. 1800-11-9334). The following channels of communication are available:

Mr. Naresh Pal Gangwar, Additional Secretary, Ministry of Environment, Forest and Climate Change Indira Paryavaran Bhawan, Room No. P- 505, Fifth floor, Prithvi Wing, Jor Bagh Road, Aliganj New Delhi-110003, +91-11-20819247(O),
Email: asnpq.mefcc@gov.in

Or

Shri Ved Prakash Mishra, Joint Secretary, Hazardous Substances Management Division, Ministry of Environment, Forest and Climate Change, Room No. J-214, Level – 2, Jal Wing, Indira Paryavaran Bhawan Jor Bagh Road Aliganj New Delhi-110003, +911120819286 (O&F),
Email: mishra.vp@gov.in

Or

Shri Amit Vashishtha, Scientist-E, Hazardous Substances Management Division, Ministry of Environment, Forest and Climate Change, Room No. J-3310, Level – 3, Vayu Wing, Indira Paryavaran Bahwan, Jor Bagh Road Aliganj New Delhi-110003, +911120819306(O),
Email: amit.vashishtha@nic.in

2.1 Operation of Control Room during Office Hours:

The CRO operates during office hours (9.00 am to 5.30 pm) on all working days.

2.2 Operation of Control Room before and after Office Hours including Holidays

Before & after office hours and on holidays, a night duty clerk will be available at Night Duty Room at the Ground Floor, Indira Paryavaran Bhawan, Jor Bagh Road, New Delhi-110003 (Phone No. +91-11- 20819409, Extension 2012, 2014) to receive messages and pass them onto the Member Secretary, Mr. Naresh Pal Gangwar, Additional Secretary, Room No. P-505, Fifth floor, Prithivi Wing Hazardous Substances Management Division, (Telephone: +91- 11-20819247) (Office), Email: asnpg@mefcc@gov.in

In case, Member Secretary is not available, the messages will be passed to alternate Member Secretary.

Shri Ved Prakash Mishra Joint Secretary, Hazardous Substances Management Division, Ministry of Environment, Forest and Climate Change, Room No. J - 214, Level-2, Jal Wing, Indira Paryavaran Bhawan Jor Bagh Road Aliganj New Delhi-110003, +91-11- 20819286 (O&F), [Email: mishra.vp@gov.in](mailto:mishra.vp@gov.in)

Or, Amit Vashishtha Scientist-E, +911120819286 (O), +91-8860485857(M); Email: amit.vashishtha@nic.in

3.0 CENTRAL CRISIS GROUP

The Central Crisis Group (CCG) has been set up by the Ministry of Environment, Forest and Climate Change. This is an apex body comprising senior officials of the Government and technical experts.

3.1 The functions of the Group shall be as follows:

- i. To deal with major chemical accidents /and provide expert guidance for handling major chemical accidents in the country.
- ii. Continuously monitor the post-accident situation arising out of a major chemical accident and suggest measures for prevention and to check recurrence of such accidents.
- iii. Conduct post-accident analysis of such major chemical accidents and evaluate responses.
- iv. Review District Off-Site Emergency Plans with a view to examining its adequacy in accordance with, the Manufacture, Storage and Import of Hazardous Chemicals Rules, 1989 and suggest measures to reduce risks in the industrial pockets.
- v. Review the progress reports submitted by the State Crisis Group.
- vi. Respond to queries addressed to it by the State Crisis Group and District Crisis Group.
- vii. Publish a State-wise list of experts and officials who are concerned with the handling of chemical accidents.
- viii. Render in the event of a chemical accident in a State, all financial and infrastructural help as may be necessary.

The CCG shall meet once in every six months in the Ministry of Environment, Forest and Climate Change, Indira Paryavaran Bhawan, Jor Bagh, New Delhi. The Group may co-opt any person whose assistance or advice is considered useful in performing any of its functions.

The CCG deals only with major chemical accidents in the country where State Governments require marshalling of resources from other States as well as from the Central Government. The Chief Secretary, the District Magistrates of the concerned State/Districts should immediately inform the CCG about the accidents. It will meet as soon as possible after the accidents. It will meet as soon as possible after the receipt of information about the accident in carrying out its task, it shall consult experts, coordinate activities of the State Governments and the Central Ministries Departments/ Agencies and keep the Cabinet Secretariat and appropriate authorities in the Government of India constantly informed about development.

3.2 Duties of the Member Secretary, CCG

In case of Chemical accident, the Member Secretary shall do the following:

- 1 Immediately contact the Chairman of the CCG and obtain instructions about convening of the meeting. He shall then contact any of the available duty officers and take his/her assistance in contacting other members of CCG/other duty officers. He will take necessary action to tackle the crisis as per his discretion, till guidance becomes available and will implement the direction of CCG as and when it becomes available.
- 2 Attempt within the time available before the CCG meeting, to obtain as much authentic information about the incident as possible particularly information on the location, time and nature, damage caused, immediate threats and the action taken so far.
- 3 Make administrative arrangements for convening of CCG.
- 4 Carry out all instructions of the CCG expeditiously.
- 5 Prepare hourly situations reports and place the latest, upto-the-minute report before the CCG.
- 6 Record minutes and decisions of the CCG, where necessary.
- 7 Ensure correct and timely documentation.
- 8 Maintain constant touch with State Capital/local authority.
- 9 Arrange for expert consultation in the shortest possible time.
- 10 Ensure that all communication facilities are installed and are in working order.

-
- 11 Ensure that, there are adequate arrangements for transportation of staff.
 - 12 Ensure that, when necessary, confidentiality is maintained.
 - 13 Arrange, when necessary, for press briefings, press release, information to AIR and Doordarshan.
 - 14 Prepare a summary of news items which may appear each day and obtain orders from CCG about rejoinders, contradictions etc. to be issued to avoid general panic or rumour mongering.
 - 15 Arrange for a permanent advance not exceeding Rs.5,000/- for any requirement of contingent expenditure during activation of Control Room.

3.3 Duties of the Duty Officers

- 1 For speedy communication of information to the members of the CCG, the duty officer who is on duty, on instructions from the Member Secretary, shall contact the other two duty officers or any officer designated, if necessary, and the Members of the CCG. Duty Officer 1 shall contact Members (3) to (8). Duty Officer 2 shall contact Members (9) to (14) and Duty Officer 3 shall contact Members (15) to (22).
- 2 While informing members, the duty officers shall collect as much information about the accident as possible before the meeting of the CCG. The CCG members and Duty Officers shall be requested to come to the meeting by taxi, if necessary. The taxifare shall be reimbursed. The duty officers after making telephone calls to the concerned members of the CCG shall proceed to the Control Room and initiate steps to make it operational in the quickest possible time. The three Duty Officers, after

reaching the Control Room, shall immediately do the following:

3.3.1 Duty Officer1:

- 1 Telephone the Secretary of the State Level Crisis Group, or the Secretary of the nodal department in the State Capital concerned, to inform him that the Control Room has been activated and request them for a constant flow of information. If the concerned local authority has been identified, it should also be similarly informed.
- 2 Make all the arrangements for the CCG meeting, including opening of the room, operating of lift, cooling/heating arrangement, stationery, etc. if possible, a resume of the information received so far should be made in an adequate number of copies.
- 3 He shall, if there are instructions from Chairman or Member Secretary of CCG, inform the Cabinet Secretary and other appropriate officer/Departments about the situations.

3.3.2 Duty Officer2:

- 1 He shall take immediate steps to mobilize the staff indicated in Section 3.8 & 3.9. If the accident has occurred after office hours or on a holiday, the first move should be to locate and mobilize one or more vehicle(s) so that staff can be speedily brought from their residences. Normal location of the vehicles and addresses of drivers are enclosed as Section 3.9. The concerned Police Stations should also be requested to assist in informing the staff. If the accident occurs during working hours, Administration should be requested to ask (a) the designated staff to report for duty at once and (b) relieve the staff that would be required for the

evening/night shift, so that they can come back on time.

- 2 Ensure that the telephones of the Control Room are in working order, and that requests are sent out to the Director General, Telecommunications to set up all other communication facilities where necessary.
- 3 Ensure that all necessary stationery and equipment are available in working order.

3.3.3 Duty Officer3:

- 1 Locate the necessary data base required to deal with the particular emergency and if necessary, have copies prepared for the CCG.
- 2 From the list at Section 8.16, he shall attempt to identify the experts to be consulted. If they are Delhi-based, he shall inform them of the situation and with are quest to be available either for consultation or for an immediate visit to the scene of accident.

- g) Respond to all public inquiries on the subject

7.0 NATIONAL DISASTER MANAGEMENT AUTHORITY

7.1 Introduction

The National Authority shall consist of the Chairperson and such number of other members, not exceeding nine, as may be prescribed by the Central Government and unless the rules otherwise provide, the National Authority shall consist of the following:

- a. The Prime Minister of India, who shall be the Chairperson of the National Authority, ex-officio;
- b. Other members, not exceeding nine, to be nominated by the Chairperson of the National Authority

The Chairperson of the National Authority may designate one of the members nominated under the clause (b) of sub-section (2) to be the Vice Chairperson of the National Authority.

The term of office and conditions of service of members of the National Authority shall be such as may be prescribed.

7.2 Powers and Functions of National Executive Committee

1. The National Executive Committee shall assist the National Authority in the discharge of its functions and have the responsibility of implementing and policies and plans of the national Authority and ensure the compliance of directions issued by the Central Government for the purpose of disaster management in the country.
2. Without prejudice to the generality of the provision contained in sub-section (1), the National Executive Committee may-
 - (a) Act as the coordinating and monitoring body for

disaster management;

- (b) Prepare the National Plan to be approved by the National Authority;
- (c) Coordinate and monitor the implementation of the Nation Policy;
- (d) Lay down guidelines for preparing disaster management plans by different Ministers or Departments of the Government of India and the State Authorities;
- (e) Provide necessary technical assistance to the State Governments and the State Authorities for preparing their disaster management plans in accordance with the guidelines laid down by the National Authority;
- (f) Monitor the implementation of the National Plan and the plans prepared by the Ministers of Departments of the Government of India;
- (g) Monitor the implementation of the guidelines laid down by the National Authority for integrating of measures for prevention of disasters and mitigation by the Ministries or Departments in their development plans and projects;
- (h) Monitor, coordinate and give directions regarding the mitigation and preparedness measures to be taken by different Ministries or Departments and agencies of the Government;
- (i) Evaluate the preparedness at all governmental levels for the purpose of responding to any threatening disaster situation or disaster and give directions, where necessary, for enhancing such preparedness;
- (j) Plan and coordinate specialized training programme for disaster management for different levels of

officers, employees and voluntary rescue workers;

- (k) Coordinate response in the event of any threatening disaster situation or disaster;
- (l) Lay down guidelines for, or give directions to, the concerned Ministers of Departments of the Government of India, the State Governments and the State Authorities regarding measures to be taken by them in response to any threatening disaster situation or disaster;
- (m) Require any department or agency of the Government to make available to the National Authority or State Authorities such men or material resources as are available with it for the purpose of emergency response, rescue and relief;
- (n) Advise, assist and coordinate the activities of the Ministries or Departments of the Government of India, State Authorities, statutory bodies, other governmental or non-governmental organisations and others engaged in disaster management;
- (o) Provide necessary technical assistance or give advice to the State Authorities and District Authorities for carrying out their functions under Disaster Management Act 2005;
- (p) Promote general education and awareness in relation to disaster management; and perform such other functions as the National Authority may require it to perform.

7.3 Establishment of State Disaster Management Authority

1. Every State Government shall, as soon as may be after the issue of the notification under sub-section (1) of section (3) by notification in the Official Gazette, establish a State Disaster Management Authority for the State with such name as may be specified in the notification of the State Government.
2. A State Authority shall consist of the Chairperson and such number of other members, not exceeding nine, as may be prescribed by the State Government and, unless the rules otherwise provide, the State Authority shall consist of the following members, namely-
 - (a) The Chief Minister of the State, who shall be Chairperson, ex-officio;
 - (b) Other members, not exceeding eight, to be nominated by the Chairperson of the State Authority;
 - (c) The Chairperson of the State Executive Committee, ex-officio;
3. The Chairperson of the State Authority may designate one of the members nominated under clause (b) of sub-section (2) to be the Vice Chairperson of the State Authority.
4. The Chairperson of the State Executive Committee shall be the Chief Executive Officer of the State Authority, ex-officio;

7.3.1 Powers and Functions of State Authority

1. Subject to the provisions of this Act, a State Authority shall have the responsibility for laying down policies and plans for disaster management in the State.
2. Without prejudice to the generality of provisions contained in sub-section (1), the State Authority may-
 - (a) Lay down the State disaster management policy;

-
- (b) approve the State Plan in accordance with the guidelines laid down by the National Authority;
 - (c) approve the disaster management plans prepared by the departments of the State Government;
 - (d) lay down guidelines to be followed by the departments of the Government of the State for the purpose of integration of measures for prevention of disasters and mitigation in their development plans and projects and provide necessary technical assistance therefore;
 - (e) Coordinate the implementation of the State plan;
 - (f) Recommend provision of funds for mitigation and preparedness measures;
 - (g) Review the development plans of the different departments of the State and ensure that prevention and mitigation measures are integrated therein;
 - (h) Review the measures being taken for mitigation, capacity building and preparedness by the Departments of the Government of the State and issues such guidelines as may be necessary.
3. The Chairperson of the State Authority shall, in the case of emergency, have power to exercise all or any of the powers of the State Authority but exercise of such powers shall be subject to ex post facto ratification of the State Authority.

-:NOTES:-

Some important notable points in case of Chemical Emergency

Table1: Physical Impact of Heat Radiation
(World Bank, 1985)

Radiation Level(kW/m ²)	Observed Effect
37.5	Sufficient to cause damage to process equipment.
25	Minimum energy required to ignite wood at indefinitely long exposures (non-piloted).
12.5	Minimum energy required for piloted ignition of wood, melting of plastic tubing.
9.5	Pain threshold reached after 8s; second degree burns after 20s.
4	Sufficient to cause pain to personnel if unable to reach cover within 20s however blistering of the skin (second degree burns) is likely; 0: lethality.
1.6	Will cause no discomfort for long exposure.

Table2: Physical Impact of Explosion Overpressure
(Clancey,1972)

Pressure (bar(g))	Damage Produced by Blast
0.02	Safe distance" (probability 0.95 noserious damage beyond this value); projectile limit; some damage to houseceilings; 10% window glassbroken
0.05	Minor damage to house structures
0.1	Repairable building damage
0.2	Heavy machines (3000 lb) in industrial building suffered little damage; steel frame building distorted and pulled away from foundations.
0.35	Wooden utility poles snapped; tall hydraulic press (40,000 lb) in building lightly damaged.
0.70	Probable total destruction of buildings; heavy machines tools (7000 lb) moved and badly damaged, very heavy machine tools (12,000lb) survived
21	Limit of crater lip

Table3: Physical Impact of Toxic Concentration

Concentration Level	Observed Effect
Threshold Limit Value (TLV)	Average concentration of the substance in ambient air for a normal 8 hour workday or 40 hour workweek, to which nearly all workers may be repeatedly exposed, day after day, without adverse effects.
Short-Term Exposure Limit (STEL)	Maximum concentration of the substance to which workers can be exposed for a period upto 15 minutes continuously without suffering from irritation, chronic tissue change, provided that no more than four exposures per day are permitted, with at least 60 minutes between exposure and that the daily TLV is not exceeded.
Immediately Dangerous to Life and Health (IDLH)	It represents the maximum airborne concentration to which a healthy male worker can be exposed for as long as 30 minutes and still be able to escape without loss of life or irreversible organ system damage.
Lethal Concentration at 50%	Lethal concentration levels that kill 50% Of exposed laboratory animals under controlled experiments.

Reference: Lees, F.P., 2000: Loss Prevention in Chemical Process Industries, Butterworth Publication.

Table4: Suggested Individual Fatality Risk Criteria for Various Land Uses

Land Use	Suggested Criteria (risk in a million)
Hospitals, schools, child-care facilities, old agehousing	0.5
Residential, hotels, motels, tourist resorts	1
Commercial developmentsincluding retails centers, Offices and entertainmentcenters	5
Sporting complexes and activeopenspace	10
Industrial	50
